# LV ARTS

Help support the local arts!  
We are a newly-formed 501c3 nonprofit, hoping to benefit our community through arts-based opportunities

# ABOUT

Dear Friends,

Art is a gift that often has no price tag; it is used as a tool for exploration from the time our children learn to hold a crayon. At LV Arts, we believe that art is central to our humanity and that it serves as the pulse of our communities.

As a newly-formed nonprofit in Leavenworth, KS, we see a continuing need to revitalize our community for present and future generations through arts-based opportunities. We seek to provide as many creative outlets as there are creative people in Leavenworth and surrounding areas, and frankly, we know there's a lot!

We hope you'll consider helping us to provide art enthusiasts and dappers, alike, with the outlets they so long for and deserve. Our first event, "Live at the Local" invites community members to rock the stage of the Leavenworth Local Hotel with songs, storytelling and poetry readings, comedy, and more. In addition to featuring the performing arts, we are also hosting a gallery for artists to showcase their visual artwork, as well.

This is our first opportunity to introduce LV Arts to the community we know and love, and as we invest our time and talents into bringing cultural enrichment and vitality through the arts to our community, we ask that you join us by investing in this opportunity, as well.

If you've ever mounted a child's finger painting on your refrigerator, stopped to admire the intricate facade of a historical building, or jammed out to a favorite song in your car - you are a supporter of the arts. Please continue your support through your much needed donation to this event and more like it in the future. This is the gift of art.

A handwritten signature in black ink that reads "Michaela B. Fitzgerald".

Michaela Bristow Fitzgerald  
Executive Director
